<b>BIO</b>	<p>As a Certified Professional in Learning Performance (CPLP) with Association of Talent Development (ATD), Nancy brings more than 20 years of both technical and interpersonal skills training to the workplace. Nancy has facilitated and supported the Learning Organization Program as well as the Project Management Fundamentals Course for the Naval Shipyard Maintenance Community. As a Curriculum Designer, Nancy has designed several stand-alone modules for our Integrated Project Team Development (IPTD) staff to use for Carrier and Submarine teams planning. Most recently, she has supported the development and tailoring of Project Management Fundamentals curriculum for SRF Yokosuka. Her expertise spans a variety of industries including telecommunications, banking, mutual funds, non-profit and government contract work. Nancy began her career in the client service arena and she remains true to this day to bring a dedicated focus to her client work.</p>
